AN FM Tensioni riferite a massa misurate con multimetro 20.000 n.A./volt in assenza di regolazione.

ERRATA CORRIGE

I valori dei componenti R12 - C25 - C29 segnati sullo schema sono errati. Essi vanno corretti in: R12 = 47 Ω - C25 = 47 nF - C29 = 0.22 μF.

Note: I contatti si spostano nella direzione delle frecce quando viene abbassato il fusto.
